Urgent Statement of Hayk Kyureghyan's Father

In Armenia, Hayk and other political prisoners are in captivity. They are in captivity of the authorities with Turkish and Azerbaijani customs, sparing no efforts to turn their own people into a crowd of immoral, weak-willed and unconscious slaves.

Lately, by making the lives of Hayk Kyureghyan and Gevorg Safaryan in captivity extremely hard, these authorities have been trying to intimidate every citizen with free thought striving for the homeland, statehood and dignity.

The authorities bring the situation to a point, which makes it absolutely intolerable. In such a situation, not only the life and health of Hayk and Gevorg, but also those of "the representatives of the authorities" are in danger.
